

AFPC President Herman Pirchner, Jr. quoted by InsideSources.com regarding Russian revanchism.

June 28, 2018

Related Expert: Herman Pirchner, Jr.

"Putin's action is not limited to his aggression or use of military force. Russia's sophisticated use of information warfare including cyberattacks is well know. Vladimir Putin also uses Russia's energy supplies as a weapon against neighboring states. Nord Stream 2 is a political project that will increase Europe's reliance on Russia," said American Foreign Policy Council President Herman Pirchner.
