

AFPC Senior Vice President Ilan Berman talks President Trump's decision to declare a national emergency to build U.S. border wall and potential impact on defense readiness and budget process

February 15, 2019

Related Categories: Democracy and Governance

Related Expert: Ilan I. Berman

AFPC Senior Vice President Ilan Berman joins American University professor emeritus and Stimson Center distinguished fellow Gordon Adams, PhD, Capital Alpha Partners' Byron Callan and Brussels-based reporter for National Public Radio and Deutsche Welle Teri Schultz on Defense & Aerospace Podcast to discuss:

- President Trump's decision to declare a national emergency to build his border wall
- How the decision to redirect military construction funding will impact defense readiness and budget process
- Analysis of Treasury Department outlay data
