

AFPC Fellow for Russia Studies Sam Bendett comments on the Russian military's adoption of small quadrocopter UAVs

July 16, 2019

Related Expert: Samuel Bendett

"Russian law enforcement agencies already use small drones, Bendett said. What's new is Russia's decision to weaponize them — and the Ministry of Defense announcement of the decision", said AFPC Fellow for Russia Studies Sam Bendett." [Read the full article today!](#)
